Georgia's 1939 Master Farmers

The title of "Master Farmer" of 1939 has been bestowed on these four Georgians in recognition of their outstanding achievements as farmers. They are John H. Brannen, of Bulloch county, (top, left); J. E. Conwell, of Hart county, (top, right); Floyd E. Taber, of Houston county, (bottom, left); and W. Holloway Norris, of Pike county. The awards were made cooperatively by The Progressive Farmer, the Georgia Agricultural Extension Service, and the University of Georgia's College of Agriculture. farmer, and sells crude gum to a central still. Cash income is also derived from watermelons, peaches, poultry, vegetables and dairy products.

Brannen has a good tenant record. At present, he has six white croppers, one white wage hand, one Negro cropper and ten Negro wage hands. Not a single family has been with him less than two years and many have been on his farm for a much longer length of time.

The Brannen home is equipped with water works, lights, bath and sewerage. There are also many

labor-saving devices. The house is well-screened, and the health of the family is excellent. Mrs. Brannen is very active in home demonstration work, according to Miss Elvie Maxwell, County Home Demonstration Agent.

Mr. and Mrs. Brannen have four children, three of whom completed a four-year course at college, while the other finished a

business course. One daughter, Miss Lucille Brannen, is still living with her father and mother. She teaches home economics in Bulloch county and is one of the county's 4-H Club sponsors.

Brannen is a member of the United Georgia Farmers and the development program of their community.

STATESBORO AGAIN LEADS IN TOBACCO

Average Of 13.65,
State Average Is 11.28

For the second consecutive week the Statesboro Tobacco Market leads the state in average price per pound, with the highest average paid for the past week at 13.65. The state average was 11.28 cents a pound.

According to the state department of agriculture weekly report the Statesboro market sold last week 1,469,880 pounds for \$200,654.55 at average 13.65. The average last week was 14.88.

At the end of the third week (from July 25 to August 11) the Statesboro market sold at first hand 4,258,462 pounds of tobacco for \$603,402.41.

Starlings Get Shower Bath

Fowls, by winter forced, forsake the floods, and wing their hasty flight to happier lands.—Dryden.

Not so the thousands of starlings that make the huge oaks on the court house square their roosting place. The hearing before the Tuesday night and last night the fire department armed with fire hose and water attempted to force the host of starlings to wing their way to distant parts, but to no avail. They only succeeded in settling down the sidewalks and watering the already wet oak trees. Another attempt will be made tonight.

For some time the large number of starlings which roost in the trees on the courthouse have been a problem and several attempts have been made to rid the trees of them but none successful.

The city officials will be called to consider any suggestions which may rid the city of these feathered nuisances.

4-H Club Girl Gets Calf Ready For 1940 Shows

Bulloch county 4-H club boys and girls are putting their calves on feed and making definite plans to show the best class of finished calves next spring that they have ever displayed. Some of the calves being put on feed are native grown, others are brought from local stock yards and some of the clubbers have grown out their own calf.

James Bowen, the only girl so far to put a calf on feed for the 1940 shows, has two Angus steers on feed that she grew out.

James Davis has a Shorthorn and a Hereford steer, Montrose Graham has a Shorthorn, a Hereford and a Hereford-Shorthorn cross; Kermit Clifton is raising out three Angus calves to show; George Thomas Holloway is also using his own Angus cattle; Thomas Grooms has Angus and Herefords; and Joe Waters and J. B. Skinner raised a Hereford each.

Clubbers sticking to Herefords entirely that now have calves on feed are William, Jack and Paul Brannen, Remer, M. W. and Nelson Turner, Edgar Hagin, Emory Lee Garrick, Garner Hall Fields, Bernice Conner, James Abine, Inman Lanier, Worth and Donald McDougald, Herbert Hendrix and Lannie Lee.

Several calves have been on feed for sometime. The most of the calves are being grazed at night and fed grain during the day.

In 1938 there were 192 one-year-old cotton communities in 79 of the state's 159 counties.

According to the building permit records of the city of Statesboro more than \$237,113.00 have been spent in the city for new residences, new business construction, new garages, new barns, new additions to existing building and repairs.

The survey covers a two year period beginning August 24, 1937, and ending August 17, 1939.

The survey reveals that during the past two years a steady and healthy growth has been taking place in Statesboro. According to the permits granted \$79,263.00 have been spent in new business buildings including Mr. R. E. Sheppard's new tobacco warehouse built last year at a cost of more than \$40,000.

Air Line Survey Includes Statesboro

It was learned here Tuesday that Statesboro has an excellent chance of securing air passenger and mail service to Atlanta and Savannah.

According to Capt. E. W. Romberger, vice president and general manager of the Southern Air Lines, Inc. of Atlanta, his company has applied for a franchise to operate plane service from Atlanta to Savannah with stops at Milledgeville and Statesboro. Capt. Romberger stated that two other companies are also applying for the franchise to operate between the two cities. The hearing before the Civil Aeronautics Authority in Washington is set for October 9.

Capt. Romberger stated that if his company is granted the franchise to operate, the air trip from Atlanta to Savannah would cost about 20 cents more than the regular train trip and pullman. He said the time to make the trip would be about one hour and twenty minutes with five minute stops at Statesboro and Milledgeville. They would operate two or three times a week.

He added that in a survey he had made he estimated that there would be an average of one passenger per day from Statesboro.

Capt. Romberger has had twelve years air service in the United States Army and has been flying since 1912. He was vice president at the Chamber of Commerce Tuesday.

Mr. Stratton Hard is president of the Southern Air Lines, Inc. Jas. A. McCord, Sr., is secretary and treasurer. Mr. C. P. Olliff of Statesboro is a member of the Board of Directors.

Rotarians And Farmers Meet For Hour Of Fun And Frolic

Forgetting business, farming, and all the worries that beset the human form, thirty-eight Rotarians and thirty-seven Bulloch county farmers met on a common ground Monday for an hour of fun, frolic and eating.

The Rotary Club was host to its large number of farmers of Bulloch county at their weekly meeting, each Rotarian bringing a farmer friend as his guest. The meeting was held at the Woman's Club.

The program was in charge of Allen R. Lanier. Barney Averitt was in charge of the introduction of guests and instructed each member of the club to introduce his guest. With the introductions completed, eating became the main issue, after which a song session was held with seventy-eight lusty male voices joined in singing "Little Liza Jane" led by Crook Smith.

Mr. John H. Brannen, Georgia Master Farmer of 1939, and W. H. Smith, Master Farmer of several years ago, and Elvin Anderson, recent 4-H Club expert, were guests of the club.

Miss Lillian Hogarth presented a group of her art students in a marionette show.

Rotarians present and their guests were: Hugh Arundel and Josh Hagin, Walter Aldred and Mr. R. M. Stiles, state president of the United Georgia Farmers, and Dean Chapman of the College of Agriculture at Athens. Rev. N. H. Williams will give the invocation. Mr. R. Stiles will introduce Dean Chapman. The Statesboro Chamber of Commerce has provided a band which will furnish music beginning at 1:30 p. m. The Woman's Club was in charge of the decorations in the city. The Welcome banner was furnished by the Rotary Club.

The Bulloch county chapter of the United Georgia Farmers was organized about three months ago and an intensive campaign was begun to enlist members. W. H. Smith, president of the local chapter, together with eleven other Bulloch county farmers, were members of the original organization which started in Georgia about two years ago.

In January, 1939, at the state meeting the delegates joined hands with the American Farm Bureau and became affiliated with the national organizations that have memberships in forty-one states.

Besides Dean Chapman other distinguished visitors here are Walter S. Brown, Director of the Extension Service, M. D. Mobley, Director of the Vocational Education Department, H. L. Vassant, Director of Farm Security, Ralph McGill, managing editor of the Atlanta Constitution, H. V. Jenkins, president of the Savannah Morning News Publishing Company, John Paschall, Managing Editor of the Atlanta Journal, W. T. Anderson, editor of the Macon Telegraph, D. W. Brooks, Manager of the Cotton Producers Cooperative, and E. S. Cook, Manager of the Producers' Cooperative Exchange.

The United Georgia Farmers is a non-political organization of farmers and is for farmers. It does not buy or sell anything. It is a legislative, educational, and promotional organization. It is a part of the American Farm Bureau and joins hands with the national organization in an effort to get farmers parity of income.

THIS WEEK'S SENTENCE SERMON

It has been said that true religion will make a man a more thorough gentleman than all the courts in Europe. And it is true; you may see simple laboring men as thorough gentlemen as any duke, simply because they have learned to fear God; and, fearing Him, to restrain themselves, which is the very root and essence of all good breeding.—C. KINGSLEY.

For the second week the Statesboro Tobacco Market leads the state in average price per pound. Week before last we led the state at 14.88 cents a pound. Last week we were still leading the state at 13.65. The nearest approach to this average was made at Waycross at 12.05. Without a doubt Statesboro is one of the best markets in the state. With another set of buyers we would fast become the best. Let's do whatever it takes to get the other set.

The 1939 cotton crop, estimated at 11,412,000 bales in the first official estimate of the Department of Agriculture, not only was well under last year's low of 11,945,000, but was also less than any year since 1923 except the two drought seasons of 1934 and 1935.

We welcome Bulloch's one thousand United Georgia Farmers. It should be a great day in the history of Bulloch's farming. She, together with the other chapters of the organization, now has a voice that will be heard far and wide when raised. Let those who promise without delivering pay heed for with the wrath of such an organization aroused fur can be made to fly.

Five of Bulloch county's schools have lost their accredited standing because they could not keep their doors open for 175 days last year. These schools are Brooklet, Nevils, Portal, Register and Stillson. This means that unless some sort of arrangements are made graduates of these schools entering any college in the state will have to stand an entrance examination.

At a meeting of the state board of education in Atlanta last week arguments of 30 county school superintendents were heard to restore to the accredited list 57 high schools in the same predicament as the five Bulloch county schools. So far no solution has been worked out.

If you don't see that Statesboro is growing then read our front page story on its growth in the last two years. Figures don't lie.

This month Black Creek Primitive Baptist Church celebrates its one hundredth year since its founding. An invitation is being issued to everyone in the county to attend its celebration Sunday, August 27.

One of the reasons Bulloch county and Statesboro get along together so well is because of the close relationship existing between the farmers and the business men. Monday this was shown at a meeting held at the Woman's club where forty business men, members of the Rotary Club, were host to forty farmers. There were no speeches, no talks made, no formality—just a get-together, with talking, singing, and general carrying-on the order of the occasion. Farmers in overalls, business men in shirt-sleeves, one setting next to the other and whooping and a-hollering. It was a wonderful meeting.

It just occurs to us that our two-hour parking regulation is just a bunch of signs nailed to several of our telephone poles in the business section of the city.

And when someone now says "Georgia Teachers College" don't let on that you do not know that the South Georgia Teachers College has changed its name and is now "Georgia Teachers College."

Better get those last swims in before September 1. The swimming pool has been a boon to the young people of Statesboro this summer. It has been full of long hot days when a swim in clean, cool water is good for the soul, as well as for the body.

And have you noticed how much larger the post office looks since they dug up all the fishing poles which grew on each side of the steps.

Saturday, August 19, more showers.

Thomas A. Jones was a visitor in our office Monday. He says he is looking for a farm so he can give celebrations and barbecues like he used to when he had that big farm near Brooklet.

Mr. H. C. Burnsed came to see us Monday. He told us all about the Centennial celebration that Black Creek Church is having Sunday, August 27. He says that they are having a big cemetery cleaning on Tuesday, August 22. The cemetery cleaning is an annual affair with dinner-on-the-ground and all.

And we were like Barney Averitt—we hardly knew "Tater" Rucker at the Rotary meeting Monday. "Tater" was Barney's guest at the meeting and Barney told this tale on him. "Tater" was to meet Barney at the filling station and at the appointed time Barney was there but he failed to see "Tater". After looking around he asked someone if Mr. Rucker had been around. "Sure", he was told. "There he is right back of you", and "Sure enough" added Barney, "There 'Tater' was, all dressed, fit to kill. He had shaved and replaced his overalls with pants and a shirt and I failed to recognize him." But we all knew Barney was a-kidding. For Mr. Rucker has the reputation of being one of the hardest working men in the county. He says that he is 65 years old and can cut a step as neat as the next one.

And Gus Denmark had a time at that Rotary Meeting, and Cliff Peacock. Cliff was the fair-headed boy, being the guest of Uncle Bras, the president of the club.

This week we congratulated Uldine Martin and Cathrynne Bragg of West Side for being selected to represent Bulloch county at the annual 4-H Club Leadership Conference held at Athens, August 7-12, and Mrs. Raymond Hodges for winning first place in the county style revue.

GEORGIA'S HEALTH NEEDS MUST BE PROTECTED, SAYS MEDICAL ASSOCIATION

"THE HEALTH NEEDS OF Georgians must be protected if our State makes advances comparable with other states, says the Public Relations Bureau of the Medical Association of Georgia.

"THE STATE Department of Public Health is just beginning to function for the benefit of all the people. This was made possible through increased appropriation of funds for public health service, but the action of the Legislature in failing to provide for the continuance of certain health activities, notably the cancer program, will curtail the fire efforts of this department to control dis-

ease.

"OUR PEOPLE have begun to appreciate the value of the public schools, but many have not as yet seen the rewards to be gained through intelligent health programs, whether in cooperation with public health units or their family physicians. Statistics show that about one-fifth of all deaths in Georgia occur in individuals who have not reached the end of school age, most of which could be prevented if fathers and mothers would seek health guidance for their children from qualified physicians.

"AN AVERAGE OF 66,000 births occur annually in Georgia, and of this number one out of seven never reach the age of five; one out of eight never see a birthday; almost four thousand of the babies are born dead, and more than one thousand die the day they are born. Many of these tragedies could be prevented through intelligent planning and cooperation with physicians, but as long as two of every five mothers in the State seek the attention of midwives to supervise the birth of their babies, Georgia will continue to lose seventeen new babies each day. Unfortunately, an average of five hundred mothers lose their lives each year because of the hazards of childbearing. Many of these mothers could be saved for their children and the State if they would seek the counsel of physicians.

"PHYSICAL DEFECTS may handicap any individual, but when the records of our State Department of Education show that one out of seven children repeat the first grade in school, it is evident that something is wrong. Many of these children make normal progress in their studies after physical defects are corrected. Needless to say, all school children as well as adults should receive adequate medical and dental care, which includes protection against preventable diseases.

"HEALTH NEEDS extend throughout the span of life. Georgia cannot afford to step backward with its health program. Health comes before education, for it is impossible to educate an individual whose health is greatly impaired."—MEDICAL NEWS.

Know Statesboro

This week we learn a bit about the organization and the operation of Statesboro Fire Department which has the reputation of being one of the most efficiently operated departments in the state.

The department was organized on September 28, 1905, with W. D. Davis as Chief. W. B. Moore was First Assistant Chief, and B. P. Maul was Second Assistant Chief. The first fire-eaters were W. M. Hagin, W. M. Proctor, D. B. Turner, W. G. Jones, M. L. Glisson, D. Barnes, Ed. Cartledge, J. W. Forbes, Morgan Waters, and J. H. Donaldson. All of these original fighters are still here except W. G. Jones, M. L. Glisson and D. Barnes.

This first department was known as Hose Company No. 1. Its members were required to attend hose practice twice every month. Hon. G. S. Johnson was mayor of the city at that time and presided over the organization meeting.

At the second meeting of the new department, Mr. Davis resigned and B. P. Maul was made chief. New members added were A. J. Proctor, J. R. Ray and J. O. Martin.

In 1916 the Statesboro Fire Department became the proud possessor of the very latest in fire fighting equipment, a truck pump. It arrived here next on Wednesday before Thanksgiving. It was the next night, Thanksgiving night, that the biggest fire Statesboro has ever had broke out—at the oil mills. The new truck proved its value in that one night.

The Statesboro department was praised for its assistance to the city of Swainsboro when Chief Hagin and his fire eaters were called to help fight the fire which destroyed the Emanuel County

Court House in November, 1938.

Post Master James Farley wrote Chief Hagin commending him for the excellent way in which his men assisted in handling the crowds which were at the Post Office to welcome him, Senator George and others last year.

In 1938 the department had the lowest losses from fires of any year except one since it was organized in 1905. That year (1938) only 17 fires were reported, three of them with no loss and the other fourteen with a loss of \$5 to \$300, for a total loss of \$798.

There are now twelve members of the fire department. It is operated on a volunteer basis. Each fireman receives \$4.00 for every fire he attends.

Chief W. M. Hagin has been chief since 1916 and was one of the members of the original Hose Company No. 1 organized in 1905.

Letters To The Editors

TRUCK CROPS

Statesboro, Georgia
August 16, 1939.

Editor Bulloch Herald

Since my letter of last week escaped the waste basket, I will try again.

Another truck crop that could be growing at the present time of the year is green peppers. They will grow in almost any soil that will grow cotton, corn or most any crop, but not strongly fertilized.

This vegetable continues growth until frost, so you realize an income for several months and usually get a fair price, bringing into consideration that there is no outlay except gathering and getting to market.

The plants can be grown in this locality as well as North or South and can be set out when weather conditions permit.

We have got to learn how to do things as we are learning tobacco and livestock.

Yours truly,

BEN P. BEST.

Our Question Box

1. When cream is changed to butter, is the change chemical or physical?
2. Why are cigar bands?
3. George Washington was born Feb. 11, 1732. Why do we celebrate February 22?
4. Which president of the U. S. frequently preached in his youth.
5. Who or what was the 'Old Lady of Threadneedle Street'?
6. Who slept in the first iron bed?

ANSWERS TO QUESTIONS

1. The change is entirely physical.
2. Green or moist cigars, when first smoked in Cuba, soiled the white gloves of the dandies and a strip of paper was wrapped around the cigars. The custom stuck.
3. Pope Gregory changed the calendar in 1582 but England did not adopt the new calendar until 1752, (20 years after Washington was born). In the meantime the accumulated difference between the old and new calendars was 11 days, which had to be skipped, making Washington's birthday fall on February 22.
4. James A. Garfield frequently preached when he was a young man.
5. 'The Old Lady of Threadneedle Street' was the name given to the Bank of England, which was in that street in London.
6. King Og of Bashan. See Deuteronomy 3: verse 11.

"FISH TALE" HAS STRING ATTACHED

Ben Parks, of Gainesville, is still wondering at the apparent super strength of a bass he snared recently. According to this "complaint angler," whose veracity is unquestioned, he landed the beauty, which appeared to be much heavier than its 2 1/2 pounds and to his amazement discovered a heavy 13-foot window sash cord tied to its gills. To the question 'How did such a small creature break a line of window sash cord?' Parks said, "I'll bite," which is probably what the fish did.

Refreshments will be served at the "Blue Bird Corner Cafe" up town, at the expense of the owner, Mr. L. A. Martin.

SING POSTPONED

Because of the "Indoor Field Meet" program to be Friday night the 18th, the sing will be postponed until the following Friday night, August 25th. Everybody is cordially invited to attend this community sing. We're expecting good leaders and special numbers have been planned.

THE VACATION READERS CLUB MEETING

The regular meeting of the Nevils Vacation Readers Club was well attended Saturday afternoon. Because of illness, Mrs. F. W. Hughes was unable to be present. Mrs. Hughes was scheduled to tell "Uncle Remus Stories". Rev. Robert Woodall told Bible stories which we enjoyed very much. Mr. Woodall is a very worthy asset to this community. He is willing to participate in any activity or task that he is urged to help with. He is commended for the splendid work he is doing here.

The V. R. C. members will apply for certificates through the Georgia Library Commission of Atlanta soon. Many certificates are expected to be awarded for many books have been read. The club will have only two more meetings. The story tellers for these meetings will be: for next Saturday, August 19th, Miss Ruth Skipper, the author of "Poems for Quiet Evenings" and the famous novel, "Justice to All". Sunday, August 20th, Mrs. Lillie Deal, who is head of the English department of the Statesboro High School is scheduled to tell stories. Everybody is invited to attend these two meetings. Every V. R. C. member is asked to bring at least one friend with him. If you are not familiar with the activities of a "Vacation Readers Club" then you are especially urged to attend these meetings and get acquainted with one of the most worthy activities for children. Refreshments will be served at each meeting.

MRS. WHITE ILL IN ATHENS

Mrs. E. L. White, wife of the principal of Nevils High School, is ill in Athens. She went to visit her mother and other relatives for ten days. While there she was taken ill and was unable to return with the group that attended the Farm and Home Week program.

THREE NEVILS WINNERS

The Nevils community is very proud to boast the fact of having three winners in very popular activities of the County. They are: Mrs. Raymond G. Hodges who won first place in the Bulloch county Style Revue; Miss Uldine Martin, daughter of Mr. and Mrs. C. J. Martin, was selected to represent Bulloch County at the annual 4-H Club Leadership Conference which was held in Athens the past week, and Miss Lavada Martin, the oldest daughter of Mr. and Mrs. C. J. Martin, who won first place in the Bulloch county and the First district Health Contests. Mrs. Hodges and Uldine have just re-

turned from Athens where they enjoyed the Farm and Home Week program with all expenses paid. Lavada has just returned from Douglas, Ga. She will also be given a free trip to Atlanta in October to compete in the State Health Contest. She will attend the Southeastern Fair while there. The Martin girls are students of the Nevils High School and are very active 4-H Club workers. They are members of the Library Council and the Vacation Readers Club. They participate in all school activities.

Mrs. Hodges is a very prominent member of the Nevils P-T-A. She is also chairman of the Health Committee. She is a very active member of the Nevils Home Demonstration Club and is also Chairman of the Program Committee for the club. She attends the Vacation Readers Club regularly and assists the girls in their work when necessary. Mrs. Hodges is also a very active Church worker. Hats off to these three outstanding characters.

Farm Briefs

Swine sanitation demonstrations among farmers who have already have or are building up outstanding herds are increasing in popularity every day, Charles E. Bell, Jr., Extension swine specialist, reports.

Did you know that prices paid by farmers for farm machinery, other than motor vehicles, averaged 58 percent above pre-war figures in 1938? That agriculture today has approximately 24 percent of the total population and 30 percent of all children, but only about 11 percent of the national income? There are now 337,000 mules and mule colts on farms in Georgia? If the 20 million families getting less than \$2,000 a year spent as much for cotton goods as those getting between \$2,000 and \$3,000 a year, the cotton farmer would have a home outlet for an additional two million bales of cotton? And that such a situation would add over half a billion dollars a year to the income of the Southern cotton states?

Two outstanding 4-H club boys and one of Georgia's leading county agents have been awarded out-of-state trips, as a result of their achievement in 4-H club work. The boys are Fred Peterson, of Montgomery county, in South Georgia, and Hugh Westbrook, of Hall county, in the northern section of the state. The winning agent is M. Gordon Nesmith of Ware county. The free trips for the boys are to the National 4-H Club Congress to be held in Chicago in December, while the county agent will attend the meeting of the County Agents' Association in Chicago, also. At the same time 32 other 4-H club boys were given medals for having best all-round records.

C. M. Cummings Was First Statesboro Fire Chief

Last week in the Herald's weekly column "Know Statesboro" the writer stated that W. D. Davis was the first fire chief in Statesboro.

It was pointed out this week that Mr. C. M. Cummings was the first fire chief. Mr. Cummings was the first fire department consisted of only eight dozen buckets, two hose reels and several axes and picks, and they paid 50c for each drill practice and \$1 for each fire attended. The buckets were kept on a rack erected just about where the Confederate Monument now stands. According to Mr. Cummings there were twelve members of the "Bucket Brigade". He pointed out that he resigned when they got the new truck "because I did not know anything about machinery".

Tuesday Morning Disastrous To Auto And Truck Drivers

Tuesday morning of this week proved disastrous for one automobile driver and two truck drivers.

Tuesday morning about 8:30 Mr. Alex Boyer of Millen was killed when the car he was driving turned over on the Statesboro-Savannah highway about two miles from Statesboro.

Tuesday morning about 12:15 o'clock a huge Benton Rapid Express truck turned over on U. S. 80 at about the John Hendrix place when it hit a cow. The cow was killed and considerable damage done to the truck. The driver

was on his way from Savannah to Atlanta with a load of freight. The driver was not hurt.

The same morning about seven o'clock the driver of Green Ice Company's truck hit and killed two cows and turned over and resulted in about \$250 damages. The accident happened on the Dover road out near the livestock market. The cows were Gordon Oliff's and were being driven to market by someone working for him. The state patrol was notified.

Mr. Boyer and Mr. Parker were on their way to Savannah where Mr. Boyer was to attend to business matters. Meeting a car driven by Mr. Russell Everett of Statesboro, Mr. Boyer turned out as far as the wheels of his car dropped off the shoulders of the road and in attempting to pull it back swerved it with such suddenness that the car turned over in the middle of the highway.

It is believed that Mr. Boyer was partly thrown from his place under the driver's wheel and the entire weight of the overturned car rested on him when it completed its turn.

The body was brought to Statesboro and the members of his family were notified from here.

Mr. Boyer was the brother of Mr. Forney Boyer of Millen. He was the uncle of Miss Norma Boyer who taught in the Statesboro schools several years ago, and was well known in Statesboro. He operated livestock yards in Millen and Sylvania and had large farming interests.

2000 United Georgia Farmers Here For Rally

Despite a heavy downpour of rain, more than 2,000 Georgia farmers gathered here last Thursday to help the Bulloch county chapter of the United Georgia Farmers celebrate their victory day for having achieved more than 1,000 members in that organization.

Delegates from every county chapter in the state were here for the rally.

The celebration was held at the Georgia Teachers College where the program was opened by W. H. Smith, president of the Bulloch county chapter. Dean Z. S. Henderson made the welcome talk to the farmers present. Rev. N. H. Williams gave the invocation. The program was then placed in charge of R. M. Stiles, president of the state organization.

Mr. Stiles introduced county agent Byron Dyer, together with all the representatives from over the state. He then outlined the aims and objects of the organization stating that the organization is an educational, legislative and promotional organization, and co-operate with all federal agricultural agencies to bring the greatest measure of prosperity to each farm family in Georgia. Parity of income and parity of purchasing power are the first great objectives of the United Georgia Farmers, he explained. He then presented Dean Paul Chapman of the State College of Agriculture, who addressed the meeting.

Dean Chapman began by saying "The problems of a farmer may be divided into two groups: (1) those which he can solve by working alone, and (2) those which can be solved only through organized group action."

"As government increases control over business and sets up artificial economic regulations, the problems that demand group action increase. Today the farmer's income is limited by many factors over which he, as an individual has no control. There is only one possible means of solution—group action on the part of the farm group. Farmers must organize."

"Organization is not concerned solely with national politics. There are community, county, and state problems which demand group action for their solution."

"We are facing the necessity as never before for bringing about changes in Georgia's agriculture. This is evidenced by many facts, the most important of which is the rough-ginned cotton cost Georgia farmers over half a million dollars every year."

Millen Man Killed In Auto Accident

Alex S. Boyer of Millen, was instantly killed Tuesday morning when the car he was driving ran off the shoulder of the highway and turned completely over about two miles north of Statesboro on U. S. Route 80. Mr. J. Wesley Parker, also of Millen was with Mr. Boyer but received only minor injuries.

Mr. Boyer and Mr. Parker were on their way to Savannah where Mr. Boyer was to attend to business matters. Meeting a car driven by Mr. Russell Everett of Statesboro, Mr. Boyer turned out as far as the wheels of his car dropped off the shoulders of the road and in attempting to pull it back swerved it with such suddenness that the car turned over in the middle of the highway.

It is believed that Mr. Boyer was partly thrown from his place under the driver's wheel and the entire weight of the overturned car rested on him when it completed its turn.

Welfare Department Pays Out \$157,509

Mr. Fred W. Hodges, chairman of the County Commissioners, announced last week that the county's 1939 tax rate has been placed at 20 mills, a five mill increase of last year.

Mr. Hodges pointed out that the increase is due to the \$48,000 loss in county income over a two-year period.

The first year of the homestead exemptions Bulloch county lost approximately one and a quarter million dollars on the digest. The digest for this year is down \$120,000 more. The digest usually ran around four and a half million dollars until last year, when it dropped to three million and this year to \$2,965,000.

According to Mr. Hodges, in 1938 the county lost \$21,000 in income and over the two-year period (1938-39) there is a loss of \$45,000. The added 5 mills for 1939 will give an additional \$15,000 income, but will be short of the two-year loss by \$30,000. The 20 mills county tax will be the highest in Bulloch county in thirty years.

E. L. ANDERSON ELECTED ON BOARD OF DIRECTORS U.G.F.

E. L. Anderson, Bulloch county's delegate to the state meeting of the United Georgia Farmers held here last week was elected as a member of the state board of directors. J. D. Fields, Emanuel county, will serve as the southeast Georgia members of the board.

Other members of the board are Jim Alexander, Wilkes county, R. M. Stiles, the state president, from Bartow county, and L. H. Tabor, Houston county.

Delegates from 18 of the some 25 counties with a charter were present for the election of the new board of directors for the state organization.

BLACK CREEK TO CELEBRATE CENTENNIAL SAT.

Most of the farmers and their friends of Ogeechee attended the Celebration of the United Georgia Farmers at the Teachers College in Statesboro last week.

MISS HALL STATES THAT AT PRESENT there are only thirty cases of general welfare on the county roll. These are people between the ages of sixteen and sixty-five who are crippled and sick. Clothes and food are given these cases through the commodity division.

In making her report, Miss Sara Hall, director, stated that the \$157,509.85 was spent as follows: general relief cases, \$1,135.00; crippled children, \$697.34; child welfare, \$332.58; W.P.A., \$71,414.44; National Youth Program, \$11,244.05; CCC Camp, \$15,411.44; surplus commodities, \$15,411.44; aid to department children, \$6,358.00; old age assistance, \$34,079.00; aid to blind, \$1,222.50.

Miss Hall states that at present there are only thirty cases of general welfare on the county roll. These are people between the ages of sixteen and sixty-five who are crippled and sick. Clothes and food are given these cases through the commodity division.

In making her report, Miss Sara Hall points out that the Child Health and Welfare council plays an important part in the welfare work being done in the county. Recently the Council has been holding special clinics and has provided for thirty-one children to have their tonsils removed.

The Crippled Children's Program ten children have been accepted for treatment where treatment was possible and the family unable to pay for it.

In the Special Assistance program the county has received 1,029 applications for assistance including \$58 for old age assistance, 147 for aid to dependent children and 24 for aid to the blind. Of the 1,029 cases, 537 have received checks during the past two years, with 126 cases having been closed due to deaths.

In April 1939 the funds were reduced from \$3,949 to \$2,437, a loss of \$1,492. This reduction resulted in the suspension of 180 cases. Of this number, 22 have been re-instated, as vacancies were made by deaths. Those suspended are now being cared for, to a certain extent, by surplus commodities.
